

Free Me

Music by Tom Farley and Rick Lutz

Lyrics by Tom Farley and Tania Farley

G D
I find myself thinking – in the void of my life
Em C
About taking the high road – about taking my life
G D
A slave to my needle - A slave to my pills
Em C
I can't trust my memory – I can't pay my bills
G D
It's a measure of my life – it's a measure of my day
Em C
It's a measure of the moments that I threw away
G D
Forgotten my children – A true absentee
Em C
Forgotten my partner – How good it can be

Chorus (G-D-Em-C)

Free me....Free me....Free me....Free me....

Can you tell when you win? - Can you tell when you lose?
I know I can't prosper - From the life that I choose
Will I take it all in? – Will I let it all go?
Or bury my memory – so you'll never know
Will I leave it behind – And not even care
Like foam on the ocean – Like smoke in the air
I can ask for forgiveness - And hold on tight
And pray that tomorrow - I can make it all right

Chorus (2x)
